160mm	350mm	None - see Pendant Kit	40W each	2.5Kg	

General:

All measurements and weights are approximate - our lights are hand crafted so there will be some variation.

Assembly:

Pendant Kits are sold separately. This is the electrical part with the lamp holder, fabric flex and matching ceiling rose.

Crystal Pendant Lights will arrive with the crystal packaged separately in strands (this is common practice and is done to prevent damage to the crystal in transit). All you need to do to assemble your light is to hook each strand onto the frame with the hooks provided.

Our lights come with comprehensive installation instructions. They shouldn't need much maintenance but we give you some information on that too.

Packaging Information:

Please contact us for packaging information on smaller products as the box weights and dimensions are dependent on the quantity of lights in the order.

Made in England.

All of our lights are designed and manufactured in England by skilled craftsmen and women.

All designs are copyright to Tigermoth Lighting Ltd.

Tigermoth Lighting is a Lighting Industry Association Quality Assured Company.
