## General:

All of our lamp holders are standard large Edison Screw (E27).

Made to UK / EU standards and designed to operate with a 240V / 50Hz

All measurements and weights are approximate - our lights are hand crafted so there will be some variation.

Dimmable LED filament light sources are supplied included.

We recommend using only candle or golf ball style light sources in this wall light.

## Energy Rating:

## Assembly:

You will need a qualified electrician to install your light. To find one in the UK, try [www.niceic.org.uk](http://www.niceic.org.uk) or [www.napit.org.uk](http://www.napit.org.uk).

Our lights come with comprehensive installation instructions. They shouldn't need much maintenance but we give you some information on that too.

## Modifications available:

- Client's own silk shades
- Custom silk shades – any colour from Pongees 745 Indian Douppion or 431D Crepe Satin range

Call us for more information on modifications.

## Packaging Information:

Please contact us for packaging information on smaller products as the box weights and dimensions are dependent on the quantity of lights in the order.

## Made in England.

All of our lights are designed and manufactured in England by skilled craftsmen and women.

All designs are copyright to Tigermoth Lighting Ltd.

Tigermoth Lighting is a Lighting Industry Association Quality Assured Company.
